## FOR CHAUTAUQUA

SENATOR LAFOLLETTE OF WISCONSIN SECURED FOR A LECTURE.

## NATIONAL REPUTATION

And One of the Ablest Men On the Platform Today—U. S. Senator From Wisconsin.

Senator Robert M. LaFollette, the United States senator from Wisconsin, has been secured by the management of the Chautauqua to deliver a lecture during the assembly to be held August 15 to 25.

Robert Marion LaFollette has a hold upon the interest and the confidence of the American people enjoyed by few men in public life. It is not due to chance or favor. It is personal to the man. It is an expression which comes from the ordeal of service. It followed his long fight of fifteen years

SENATOR LAGOLLETTE.

in Wisconsin. The people knew his achievements as governor of that state, written in a body of wise, practical, progressive statutes, regulating corporations in their relation to the public, and bringing government nearer to the citizen. They were with him in his single-handed combat with privilege in the United States senate, and saw him carry the fight from the floor of the senate back to the states, where he challenged the re-election of men who represented not the people but corporate power and privilege. They were with him still, and will give unwavering support to every senator who joins in the uncompromising contest which this lone fighter is waging for real representative government.

Evidence accumulates on every hand in proof of the rapidly widening control of daily, weekly and monthly publications by special interests. Papers and magazines which were printing the bad records of public officials and political parties have, in many instances, been forced out of the field or silenced. Men who fearlessly serve the public are denounced as demagogues and pursued with misrepresentation. Special privilege organized as a system now has its own press, and is steadily extending its powerful control.

With the inevitable loss of public confidence in a subsidized press, the platform of open liberal discussion is again exerting the influence on public thought which made it a most potential force in the days of Wendell Phillips. The lecture platform is still free.

In all America there is no stronger man upon the platform than Mr. LaFollette. He has spoken upon representative government hundreds of times. Again and again he has addressed the same audiences upon the same subjects. The principles are as old as the struggle for liberty. The reasoning is the same. But the address is always fresh with the vital facts of the present hour and full of human interest, which centers about the men who are in the thick of the great fight for government by the people.

Eloquence has for its highest object the triumph of principle, of justice, of right. Earnestness born of a deep conviction in the everlasting righteousness of the cause presented is the basis of Mr. LaFollette's commanding position upon the platform.

Senator LaFollette has a large number of engagements for this season, and the association should be congratulated upon their success in securing such an able speaker as Senator LaFollette.

### WAS IN GOOD CONDITION.

**G. H. Reavis, State High School Inspector, Visited High School on Tuesday.**

### FAILED TO GET ANY POINTS.

**The Normal Team Back From the State Track Meet at Fayette.**

The Normal school track team returned to Maryville this morning from Fayette, Mo., where the state intercollegiate track meet was held yesterday.

The team failed to bring back any points but is reported by Coach H. P. Swinehart to have acquitted themselves well, as this meet was the fastest of the inter-collegiate meets which has been held so far.

Ford qualified in the high hurdles, and placed fourth man in the finals. Quinn placed fourth in the broad jump, going 20 feet 6 inches, but failed to qualify in the 220-yard dash, being crowded out by the fast William Jewell man, who clipped the distance off in 22 2-5 seconds. Watson ran a good race in the half mile, finishing fifth in that event, while Lyle failed to place in either of the hurdles.

Despite the bad condition of the cinder track, some remarkably fast records were made. William Jewell was easily the strongest school in the meet and carried off all of the trophies with ease, scoring 53½ points.

### MISSOURI TO VOTE ON SUFFRAGE.

**It is Reported That 23,000 Names Have Been Secured, Which Are Necessary On the Petition.**

A vote on the woman suffrage issue in Missouri at the November election is a certainty. Delegates assembled at Columbia, Mo., on May 19, for the third annual state suffrage convention report that the 23,000 names necessary on the initiative petitions are all in sight. Many of the districts have sent in petitions with from a hundred to several thousand more names than the number required.

Petitions from St. Louis county and the tenth, eleventh and twelfth districts contain 14,000 names. The number required from these was 8,000. Kansas City petitions show 3,800 names, 700 more than were required.

Several small districts from which no petitions were asked have sent in spontaenously hundreds of names.

The petitions will be carried to Jefferson City within a few weeks by a committee composed of delegates from all of the thirty suffrage leagues of the state. Following this, the active suffrage campaign will begin throughout the state.

"Now that we have completed out petitions, we are not afraid to put the issue up squarely to the men of Missouri," said Mrs. Helen Guthrie Miller, president of the Missouri Suffrage association. "We believe we can trust their gallantry and love of fair play to do the rest."

## THE CHIEF SPEAKER

DR. C. A. FINCH TO SPEAK AT BROTHERHOOD MEETING.

## TO BE FRIDAY NIGHT

A Brother of Rev. Robt. L. Finch of This City—Subject Will Be "The Measure of a Man."

A pleasing feature of the Brotherhood meeting to be held at the First Christian church Friday night, beginning promptly at 8 o'clock, will be the attendance of large delegations of men from other towns in the county. Reports have been coming in from the various brotherhoods that they will be in Maryville in time to join in the men's parade which will form at 7:30 Each brotherhood will carry a banner indicating the church from which it comes. Pickering has promised to be on hand with forty men. Harmony

DR. CHARLES A. FINCH.

neighborhood will be much in evidence. Burlington Junction has made no promise but proposes to make a great showing. Invitations have been extended to all the brotherhoods, Men's clubs and Bible classes of all the churches of all denominations in the county.

Dr. Charles A. Finch, pastor of the First Christian church of Topeka, Kan., brother of Rev. Robert L. Finch, pastor of the First Christian church of this city, will be the chief speaker of the evening. His subject will be "The Measure of a Man."

The lecture is an idealistic presentation of the dignity, majesty and immortality of the genus homo, rich in historical allusion and humor. While this is a meeting primarily for men, the general public is invited. All men will be seated in the center sections of the auditorium, and the women will occupy the choice seats in the balcony. There will be an additional address by J. H. Banks of St. Louis, state secretary of the Y. M. C. A., who is another "man's man."

W. Lee Griffith will lead the orchestra. There will be singing, then prayer, scripture reading, introduction of speakers, etc. The laymen will have absolute charge of the meeting. It is expected that 500 men will be in attendance.

### FARMERS MOVE TOO OFTEN.

**Census Bureau Finds That More Than a Million Farmers Have Lived on Their Land Less than a Year.**

The frequency with which American farmers move from one farm to another or the instability of occupancy of farms, according to the census bureau, "very likely forms one of the chief causes for the decline of rural prosperity or a hindrance to greater prosperity."

The census bureau at Washington made public Tuesday figures giving the results of its queries to farmers asking them how long they lived on their farms. Of the 6,361,502 farms in the United States April 15, 1910, 5,794,768, or 91 per cent, answered the question satisfactory. Approximately 52 per cent of all those who answered the question satisfactorily had occupied their farms less than five years.

In the north 57 per cent or nearly three-fifths of the farmers had operated their farms for five years, while only 22 per cent had been there one year or less. In the west the proportions were 44 and 27 per cent respectively, while in the south only 41 per cent had been on the same farm five years or longer, and 34 per cent, or over one-third, had been there one year or less. More than one million farmers had lived on their farms less than a year.

"Short period of occupancy for over half of all the farmers of the United States," says the census bureau, "becomes all the more significant when it is taken into consideration that it requires three or four years for a farmer to become acquainted with the various conditions of his farm, such as soil, climate, etc., and put it in condition for raising crops."

### TEACHERS AT THE JUNCTION

**Burlington Junction School Board Has Selected All But Two of the Teachers.**

At a meeting of the school board of Burlington Junction held Wednesday evening, the following teachers were selected for the coming year: D. V. Culp, superintendent; Miss Edith Christy, Miss Addie Carpenter, Miss Neva Demott, Miss Nell Wiley and Miss Neva Airy. Miss Carpenter is is the only new teacher chosen. There are still two teachers to be supplied later on.

The contract for the $7,000 addition to the Burlington Junction school building was awarded to W. W. James of that place. Work is to start at once. An additional year has been added to the high school term, making a four-year course and making the Burlington Junction high school a first-class high school.

## AMURDER CHARGE

IN THE FIRST DEGREE FILED AGAINST ROY GUNN.

## GUNN NOW IN THE JAIL

**The Fight Between Gunn and L. W. Huddle—Huddle Injured, Resulting in His Death.**

Roy Gunn, who has been in the county jail for the past several days, had an information filed against him Wednesday by Prosecuting Attorney Wright, charging him with murder in the first degree of L. W. Huddle.

The cause of Huddle's death was given as due from a blow on the head by a stool, causing a fracture of the skull and resulting death.

It was found upon examination of Huddle after the fight, by the physicians in charge, that a knife had been used in the fight. During the fight a knife was seen to have dropped directly between the two men, and after the fight Gunn picked the knife up and put it in his pocket, and later investigation proved that the knife belonged to Gunn. There were two deep stabs in Huddle's back, neither of which reached any vital organ.

The fight between Gunn and Huddle occured at the Huston & Trosper restaurant at Burlington Junction Sunday, May 10. Huddle died May 12.

The hearing of Gunn will be held before Justice of the Peace, W. L. Johnson, on June 2 and he will be bound over to the September term of circuit court.

The case against Gunn will be the second murder case that will come up in September, the first one is that of Arthur Carter, of Fairfax, who is charged with manslaughter in the fourth degree, due to culpable negligence for the death of Charles Wood, of Barnard, who died Sunday, April 27.

Gunn will be represented by Cook, Cummins & Dawson.

### CHANCE FOR FARM BOY.

**Highest Grade in This County in Examination, May 30, May Win Scholarship.**

Some farm boy or one who wants to study agriculture will have a chance to be the recipient of one of the St. Louis Republic's loan fund scholarships in the college of agriculture. The qualifying examinations will be held May 30, and every boy who intends to compete should send in his application to the county superintendent of schools at once.

A committee composed of the county superintendent of schools, the superintendent of schools in the county seat and a third member, perhaps the farm adviser or a teacher in the county, will consider the applications and give the examination. The boy who makes the highest grade in an examination on the elements of agriculture, using Warren's Elements of Agriculture or equivalent text, will be the representative of his county in the final selection. Besides the examination paper, each candidate will file three letters of reference from prominent citizens, and will fill out a blank agreeing to earn a part of his college expenses by outside work while at the university.

There will be two classes of students—those who intend to enter the regular four-year course leading to a degree and those who intend to enter the short course, two years work.

Thirteen boys will be awarded the loan funds of the Republic. In addition to this fund seventy-two counties have raised funds, some gift funds, others loan funds, for worthy farm boys. The winner of the county contest for the Republic loan fund, even though he should not be placed in the final choice, will stand a good chance of consideration in choosing the representative from the county.

The county superintendent of schools or Dean F. B. Mumford at the college of agriculture at Columbia will be glad to give any boy who desires to become a candidate full information regarding the rules of award.

## THE WHEAT FIELD

DON'T DISTURB WHEAT WHERE PLANTED WITH CLOVER.

## LET GROW UNTIL JUNE

**Prof. C. B. Hutchison Gives Advice—Prof. Cameron Discussed Hessian Fly on Mr. Cobb's Farm.**

Many farmers have been asking what to do with their wheat where it is planted with clover and grass. Prof. C. B. Hutchison of the state agricultural college at Columbia was asked this question at a meeting held near Wilcox last Monday, and he said that it was best to let the wheat grow until at least the middle of June, and then if there was not any sign of a crop to cut it and feed as wheat hay. He said in California, where they raised big crops of wheat and have but little hay the farmers cut the wheat and feed it. There are a few fields in the county in this condition, and Prof. Hutchison said in nearly every case it would be better to let it grow.

Prof. John E. Cameron of the Normal agricultural department discussed the Hessian fly at the farm of Mr. Cobb of near Bolckow on Wednesday. There were about twenty farmers present. Prof. Cameron found a few wheat fields badly infested and advised them to replow and put in corn. In some fields all three stages of the fly were found, while others were in good condition.

Prof. Cameron said that many are plowing the wheat under without double discing. If it should continue dry it will mean that when corn roots reach the mass of wheat they will go no further and many stocks will fail to bear.

### PLAN TO TEACH LAWS IN SCHOOL.

**Secretary of State Would Have Pupils Study Pending Amendments.**

William P. Evans, state superintendent of public schools, acting upon the suggestion of Cornelius Roach, secretary of state, is recommending to the schools of the state that the constitutional amendments to be voted upon this next election be studied by the children of the public schools.

Discussing the suggestion of the secretary of state, Superintendent Evans said:

"The suggestion has been made by Hon. Cornelius Roach that the constitutional amendments and other problems to be voted upon this autumn be studied by the school children before the election. The suggestion seems to be a wise one, as no more timely subject relating to citizenship could be undertaken in their study of history and civics. This is especially true since there are four laws submitted by the referendum, the first time this means of law making has been used in the state. There may be an amendment submitted under the initiative and one affecting the initiative itself will be passed upon, thus affording an unequaled opportunity to study methods of law making.

„It is hoped, of course, that the discussion of these problems by the school children will draw the attention of the fathers to the questions and lead to a more discriminating vote than usual at the polls. The charge is often made that voters can not discriminate and that there is no hope of improving organic law in this way. This charge is particularly foolish if made by those who believe in popular self-government and is generally a reflection of the bewilderment and uncertainty of the maker. As a matter of fact, when a thorough campaign of education has been made the voters do express a choice, but as a rule there is never any adequate propaganda to bring the merits and demerits of the question before the court of last resort."

### Will Meet Tonight.

The men of the First Christian church will meet tonight at 7:30 to perfect plans for the big men's meeting tomorrow night. A short feast of soul will be provided, to be followed by "eats." The meeting will be short, adjourning in time for later engagements.

## OVER THIRTY FEDERAL OFFICERS EXECUTED
**Two Generals and Many Others Put to Death by Rebels.**

Juarez, Mex., May 21.—Seven prominent attorneys from Torreon, Saltillo and Monterey have been confined in jail there by constitutionalist officials on charges of pernicious political activity.

The execution of General Ozorno and another general, whose name was not given, together with thirty-two members of the unknown general's staff and other federal officials, indicates the bitterness with which the campaign is being waged about Saltillo. General Ignazo Munixo, who was killed in the battle at Paredon, was a nephew of General Porfirio Diaz, former president of Mexico.

General Francisco Villa, leading 4,000 constitutionalist troops, won first important engagement on the Saltillo campaign when he defeated the Saltillo federals, retreating from Monclova, at Paredon.

## WILL NOT HELP BECKER

**Alleged Confession of "Dago Frank" Not Admitted at Trial.**

New York, May 21.—The confession that "Dago Frank" Cirofici made an hour before he went to the electric chair at Sing Sing will not help Charles Becker in his fight to prove his innocence of the murder of Herman Rosenthal, for which Cirofici and his three companions already have paid the penalty. The supreme court, before which Becker is on trial for the second time, refused to admit the testimony dealing with this confession.

"Dago Frank" before he died swore he had never heard the name of Becker mentioned until Rosenthal had been killed. The court held evidence pertaining to the confession was not admissible, because it was an incident that occurred after the murder.

**Wilson Refuses to Pardon Stewart.**

Washington, May 21.—President Wilson denied a pardon to William Stewart, convicted of murder in Arizona in 1913 and sentenced to be hanged at Globe, Ariz., May 27. Many appeals for pardon were made, but the attorney general advised that Stewart had been convicted three times and that apparently there was no doubt of his guilt. Stewart, with John B. Goodwin, was convicted of murdering Alfred Hillpot and Fred Kibbe. Goodwin was executed.

**Man Who Once Was Huerta's Chief Adviser Accused of Many Crimes.**

Vera Cruz, May 21.—General Aurelano Urrutia, Huerta's former minister of the interior, whom a Vera Cruz mob wanted to lynch, is still at the Hotel Diligencias with an armed American guard to protect him. Or a key for a lock of his hair?
Can his eyes be called an academy,

In the crown of his head what gems are set?
Who travels the bridge of his nose?
Can he use, when shingling the roof of his mouth,
The nails on the ends of his toes?
What does he raise from the slip of his tongue?
Who plays the drum of his ears?
And who can tell the cut and style
Of the coat his stomach wears?
Can the crook of his elbow be sent to jail?

# HUERTA IS NOT READY TO RETIRE

## Mexican Delegates Not Instructed to Offer His Resignation.

## PRINCIPALS ATTRACT INTEREST

**Movements Followed by Lobby Crowds With Intense Curiosity—Mediators Confident They Will Succeed in Bringing Peace to Mexico.**

Niagara Falls, Ont., May 21.—Confidence that the mediation conference in session here will result in an amicable settlement of the differences which have arisen between the United States and the Huerta government, and in the ultimate pacification of all Mexico, was reflected here by the mediators.

A distorted dispatch from Mexico City that General Huerta was ready to retire, although contradicted by corrected dispatches, which stated that he had given his delegates no instructions to offer his resignation, was received with interest. It was stated that an error in transmission had given rise to the first statement.

**Clothed With Full Power.**

Authentic advices through diplomatic sources several days ago stated that the Mexican commissioners were clothed with full power to act and had been authorized to agree to the elimination of Huerta if necessary to bring about a settlement of their country's internal and international troubles. This last step, it was said, would be taken only after it was apparent to the commissioners that there was no hope of a settlement on any other basis.

The attitude of all the Mexicans in attendance upon the diplomatic council was similar to that displayed when they were informed in New York a few days ago that the German ambassador in Washington had received a dispatch from Mexico City that General Huerta had expressed his willingness to retire under conditions honorable to himself or if necessary to a solution of the Mexican problem.

**"Merely Premature."**

Their feeling was that the reported announcement was "merely premature." This phrase was taken from the expression of one of the diplomats when he was informed of the correction in later dispatches.

It was indicated in statements made here that if an announcement of a willingness to retire comes from Huerta in the near future it would be welcomed as making more remote any possibility of the resumption of hostilities between the United States and Mexico.

## TO WITHDRAW PART OF NAVY

**Four Battleships, Five Destroyers and Tender to Come North.**

Washington, May 21.—The general slackening of tension in the Mexican situation resulted in the consideration of plans at the navy department, which included the withdrawal of a part of the fleet now on the east coast of Mexico.

Acting Secretary Roosevelt said he hoped within a week to have four battleships, five destroyers and a tender on the way north.

The state department, still without result, continued its efforts to get information as to the fate of Consul John R. Silliman at Saltillo. The failure of the Brazilian minister in Mexico City to obtain any definite word from Silliman and the failure of the Mexican foreign office to turn over the consul, resulted in efforts in other directions.

No official information was forthcoming in the case of Private Samuel Parks. The war department, however, received a copy of an affidavit made by A. W. Bland, in which he repeated a story told him by an alleged eye-witness of Parks' death. The affidavit sets forth that Parks was shot to death by a firing squad on order of a Mexican commander.

## Plans One of Most Arduous Political Fights of Career.

Oyster Bay, May 21.—A large part of the day Colonel Roosevelt spent in conference with George W. Perkins of New York, chairman of the executive committee of the Progressive national campaign committee. Mr. Perkins has been steadily at work since the 1912 campaign in organizing the new party in all sections of the country and his mission to Oyster Bay was to acquaint the former president with conditions.

Gifford Pinchot, the Progressive candidate for United States senator from Pennsylvania, also had a meeting with Colonel Roosevelt.

Colonel Roosevelt's political activities removed all doubts whether he would take an active part in the campaign this year. It is known that he expects to make one of the most arduous fights of his career. It is probable that in September he will make a trip from the Atlantic to the Pacific coasts, speaking in most of the states.

On May 30, Colonel Roosevelt will sail for Spain, for the wedding of his son, Kermit. In the intervening period he will attempt to start in motion the machinery for the campaign and with other leaders of the party, to decide upon the lines on which the fight is to be made. On his return from Europe, about July 1, he will begin the campaign proper.

## Ex-Senator Helps Sell Trolley System to Railroad.

## MORGAN'S THE MASTER MIND

**Former President of Road Declares Money King Never Made Dollar in Connection with Company—Did Not Approve of Purchase of Worcester.**

Washington, May 21.—That former Senator Nelson W. Aldrich was primarily instrumental in the sale of the Rhode Island trolley system to the New York, New Haven and Hartford railroad for $19,000,000 or $20,000,000, was the statement made by Charles S. Mellen, former president of the road, in his testimony before the interstate commerce commission.

Details concerning the relations of the New York, New Haven and Hartford railroad and the Billard company, through which the latter, or John L. Billard, made a profit of $2,700,000, were given by Mr. Mellen.

The purchase of the Worcester, Nassau and Rochester railway by the Boston and Maine was discussed. It developed that it was brought about by the late J. Pierpont Morgan. Mr. Mellen testified that Mr. Morgan handled the details of that purchase. The railroad cost the Boston and Maine nearly $3,000,000. Mr. Mellen, while he considered the property valuable, frankly said he had not approved of the purchase of the property.

The total investment of the Boston and Maine in the Worcester was $7,925,000, Mr. Folk showed.

"When Mr. Morgan told you he had bought the stock of the Worcester road at 165 from the Mutual Life Insurance company, what did you say?"

"I think I said 'Jerusalem,' or something like that."

"Why didn't you remonstrate with him?"

"I did not think this was the way to approach Mr. Morgan."

"Were you afraid to remonstrate with him?"

"It was not a question of being afraid. I had greater faith in his judgment than I had in my own."

"Was Mr. Morgan's the 'master mind' in New Haven matters?"

"His was the 'master mind' pretty nearly everywhere that Morgan was."

Mr. Mellen, guided by the questioning of Chief Counsel Folk, endeavored to develop in related form the facts concerning the acquisition by the New Haven or the New England Navigation company of their various subsidiaries.

Mr. Mellen, testifying to his high regard for Mr. Morgan, said:

"I do not remember his doing a single thing on which he made a dollar in connection with the New Haven while I was president."

## ALLOWANCES HELD DEBATES

**Commission Hits Steel Interests in Denying Rehearing.**

Washington, May 21.—Allowances, aggregating millions of dollars, heretofore made to iron and steel industrial railways by trunk line railroads in the territory east of the Mississippi and north of the Ohio and Potomac have been ordered discontinued by the interstate commerce commission.

The commission announced its refusal to rehear the industrial railways case on the application of companies representing the United States Steel corporation and other iron and steel corporations. The decision in the original case that the allowances were unlawful was reaffirmed.

Estimates made by the commission experts indicate that the amount of the allowances paid to the United States Steel corporation alone aggregate approximately $9,000,000 a year; and the total of the allowances paid by the trunk lines to all iron and steel industrial roads in the eastern territory was about $13,000,000 a year.

The commission held that these allowances were substantially rebates on freight rates.

The allowances have figured conspicuously in the pending advance rate case. It has been contended that if they were eliminated, the railroads would be able to increase their net income by just the amounts they heretofore have paid to the iron and steel companies in allowances.

## COMES OUT OF HIS RETREAT

**John D. Rockefeller, Jr., Returns to New York.**

New York, May 21.—John D. Rockefeller, Jr., has returned to work after twenty days spent at the country estate of his father at Pocantico Hills. Since May 1, when he went into retirement, most of his tormentors, under the leadership of Upton Sinclair, have been silenced, several by being sent to jail. Sinclair is in Colorado and Marie Ganz and the Rev. Bouck White are serving sentences on Blackwell's island, the latter for having broken up the services at the Calvary Baptist church ten days ago. "Mother" Jones alone remains in the lecture field and nightly denounces the Rockefeller interests in the Colorado coal districts.

## FOR CHAUTAUQUA

SENATOR LAFOLLETTE OF WISCONSIN SECURED FOR A LECTURE.

## NATIONAL REPUTATION

**And One of the Ablest Men On the Platform Today—U. S. Senator From Wisconsin.**

Senator Robert M. LaFollette, the United States senator from Wisconsin, has been secured by the management of the Chautauqua to deliver a lecture during the assembly to be held August 15 to 25.

Robert Marion LaFollette has a hold upon the interest and the confidence of the American people enjoyed by few men in public life. It is not due to chance or favor. It is personal to the man. It is an expression which comes from the ordeal of service. It followed his long fight of fifteen years

SENATOR LAGOLLETTE.

in Wisconsin. The people knew his achievements as governor of that state, written in a body of wise, practical, progressive statutes, regulating corporations in their relation to the public, and bringing government nearer to the citizen. They were with him in his single-handed combat with privilege in the United States senate, and saw him carry the fight from the floor of the senate back to the states, where he challenged the re-election of men who represented not the people but corporate power and privilege. They were with him still, and will give unwavering support to every senator who joins in the uncompromising contest which this lone fighter is waging for real representative government.

Evidence accumulates on every hand in proof of the rapidly widening control of daily, weekly and monthly publications by special interests. Papers and magazines which were printing the bad records of public officials and political parties have, in many instances, been forced out of the field or silenced. Men who fearlessly serve the public are denounced as demagogues and pursued with misrepresentation. Special privilege organized as a system now has its own press, and is steadily extending its powerful control.

With the inevitable loss of public confidence in a subsidized press, the platform of open liberal discussion is again exerting the influence on public thought which made it a most potential force in the days of Wendell Phillips. The lecture platform is still free.

In all America there is no stronger man upon the platform than Mr. LaFollette. He has spoken upon representative government hundreds of times. Again and again he has addressed the same audiences upon the same subjects. The principles are as old as the struggle for liberty. The reasoning is the same. But the address is always fresh with the vital facts of the present hour and full of human interest, which centers about the men who are in the thick of the great fight for government by the people.

Eloquence has for its highest object the triumph of principle, of justice, of right. Earnestness born of a deep conviction in the everlasting righteousness of the cause presented is the basis of Mr. LaFollette's commanding position upon the platform.

Senator LaFollette has a large number of engagements for this season, and the association should be congratulated upon their success in securing such an able speaker as Senator LaFollette.

### FAILED TO GET ANY POINTS.

**The Normal Team Back From the State Track Meet at Fayette.**

The Normal school track team returned to Maryville this morning from Fayette, Mo., where the state intercollegiate track meet was held yesterday.

The team failed to bring back any points but is reported by Coach H. P. Swinehart to have acquitted themselves well, as this meet was the fastest of the inter-collegiate meets which has been held so far.

Ford qualified in the high hurdles, and placed fourth man in the finals. Quinn placed fourth in the broad jump, going 20 feet 6 inches, but failed to qualify in the 220-yard dash, being crowded out by the fast William Jewell man, who clipped the distance off in 22 2-5 seconds. Watson ran a good race in the half mile, finishing fifth in that event, while Lyle failed to place in either of the hurdles.

Despite the bad condition of the cinder track, some remarkably fast records were made. William Jewell was easily the strongest school in the meet and carried off all of the trophies with ease, scoring 53½ points.

### MISSOURI TO VOTE ON SUFFRAGE.

**It is Reported That 23,000 Names Have Been Secured, Which Are Necessary On the Petition.**

A vote on the woman suffrage issue in Missouri at the November election is a certainty. Delegates assembled at Columbia, Mo., on May 19, for the third annual state suffrage convention report that the 23,000 names necessary on the initiative petitions are all in sight. Many of the districts have sent in petitions with from a hundred to several thousand more names than the number required.

Petitions from St. Louis county and the tenth, eleventh and twelfth districts contain 14,000 names. The number required from these was 8,000. Kansas City petitions show 3,800 names, 700 more than were required.

Several small districts from which no petitions were asked have sent in spontaneously hundreds of names.

The petitions will be carried to Jefferson City within a few weeks by a committee composed of delegates from all of the thirty suffrage leagues of the state. Following this, the active suffrage campaign will begin throughout the state.

"Now that we have completed out petitions, we are not afraid to put the issue up squarely to the men of Missouri," said Mrs. Helen Guthrie Miller, president of the Missouri Suffrage association. "We believe we can trust their gallantry and love of fair play to do the rest."

## THE CHIEF SPEAKER

DR. C. A. FINCH TO SPEAK AT BROTHERHOOD MEETING.

## TO BE FRIDAY NIGHT

**A Brother of Rev. Robt. L. Finch of This City—Subject Will Be "The Measure of a Man."**

A pleasing feature of the Brotherhood meeting to be held at the First Christian church Friday night, beginning promptly at 8 o'clock, will be the attendance of large delegations of men from other towns in the county. Reports have been coming in from the various brotherhoods that they will be in Maryville in time to join in the men's parade which will form at 7:30 Each brotherhood will carry a banner indicating the church from which it comes. Pickering has promised to be on hand with forty men. Harmony

DR. CHARLES A. FINCH.

neighborhood will be much in evidence. Burlington Junction has made no promise but proposes to make a great showing. Invitations have been extended to all the brotherhoods, Men's clubs and Bible classes of all the churches of all denominations in the county.

Dr. Charles A. Finch, pastor of the First Christian church of Topeka, Kan., brother of Rev. Robert L. Finch, pastor of the First Christian church of this city, will be the chief speaker of the evening. His subject will be "The Measure of a Man."

The lecture is an idealistic presentation of the dignity, majesty and immortality of the genus homo, rich in historical allusion and humor. While this is a meeting primarily for men, the general public is invited. All men will be seated in the center sections of the auditorium, and the women will occupy the choice seats in the balcony. There will be an additional address by J. H. Banks of St. Louis, state secretary of the Y. M. C. A., who is another "man's man."

W. Lee Griffith will lead the orchestra. There will be singing, then prayer, scripture reading, introduction of speakers, etc. The laymen will have absolute charge of the meeting. It is expected that 500 men will be in attendance.

### FARMERS MOVE TOO OFTEN.

**Census Bureau Finds That More Than a Million Farmers Have Lived on Their Land Less than a Year.**

The frequency with which American farmers move from one farm to another or the instability of occupancy of farms, according to the census bureau, "very likely forms one of the chief causes for the decline of rural prosperity or a hindrance to greater prosperity."

The census bureau at Washington made public Tuesday figures giving the results of its queries to farmers asking them how long they lived on their farms. Of the 6,361,502 farms in the United States April 15, 1910, 5,794,768, or 91 per cent, answered the question satisfactory. Approximately 52 per cent of all those who answered the question satisfactorily had occupied their farms less than five years.

In the north 57 per cent or nearly three-fifths of the farmers had operated their farms for five years, while only 22 per cent had been there one year or less. In the west the proportions were 44 and 27 per cent respectively, while in the south only 41 per cent had been on the same farm five years or longer, and 34 per cent, or over one-third, had been there one year or less. More than one million farmers had lived on their farms less than a year.

"Short period of occupancy for over half of all the farmers of the United States," says the census bureau, "becomes all the more significant when it is taken into consideration that it requires three or four years for a farmer to become acquainted with the various conditions on his farm, such as soil, climate, etc., and put it in condition for raising crops."

### TEACHERS AT THE JUNCTION

**Burlington Junction School Board Has Selected All But Two of the Teachers.**

At a meeting of the school board of Burlington Junction held Wednesday evening, the following teachers were selected for the coming year: D. V. Culp, superintendent; Miss Edith Christy, Miss Addie Carpenter, Miss Neva Demott, Miss Nell Wiley and Miss Neva Airy. Miss Carpenter is is the only new teacher chosen. There are still two teachers to be supplied later on.

The contract for the $7,000 addition to the Burlington Junction school building was awarded to W. W. James of that place. Work is to start at once. An additional year has been added to the high school term, making a four-year course and making the Burlington Junction high school a first-class high school.

## AMURDER CHARGE

IN THE FIRST DEGREE FILED AGAINST ROY GUNN.

## GUNN NOW IN THE JAIL

**The Fight Between Gunn and L. W. Huddle—Huddle Injured, Resulting in His Death.**

Roy Gunn, who has been in the county jail for the past several days, had an information filed against him Wednesday by Prosecuting Attorney Wright, charging him with murder in the first degree of L. W. Huddle.

The cause of Huddle's death was given as due from a blow on the head by a stool, causing a fracture of the skull and resulting death.

It was found upon examination of Huddle after the fight, by the physicians in charge, that a knife had been used in the fight. During the fight a knife was seen to have dropped directly between the two men, and after the fight Gunn picked the knife up and put it in his pocket, and later investigation proved that the knife belonged to Gunn. There were two deep stabs in Huddle's back, neither of which reached any vital organ.

The fight between Gunn and Huddle occured at the Huston & Trosper restaurant at Burlington Junction Sunday, May 10. Huddle died May 12.

The hearing of Gunn will be held before Justice of the Peace, W. L. Johnson, on June 2 and he will be bound over to the September term of circuit court.

The case against Gunn will be the second murder case that will come up in September, the first one is that of Arthur Carter, of Fairfax, who is charged with manslaughter in the fourth degree, due to culpable negligence for the death of Charles Wood, of Barnard, who died Sunday, April 27.

Gunn will be represented by Cook, Cummins & Dawson.

### CHANCE FOR FARM BOY.

**Highest Grade in This County in Examination, May 30, May Win Scholarship.**

Some farm boy or one who wants to study agriculture will have a chance to be the recipient of one of the St. Louis Republic's loan fund scholarships in the college of agriculture. The qualifying examinations will be held May 30, and every boy who intends to compete should send in his application to the county superintendent of schools at once.

A committee composed of the county superintendent of schools, the superintendent of schools in the county seat and a third member, perhaps the farm adviser or a teacher in the county, will consider the applications and give the examination. The boy who makes the highest grade in an examination on the elements of agriculture, using Warren's Elements of Agriculture or equivalent text, will be the representative of his county in the final selection. Besides the examination paper, each candidate will file three letters of reference from prominent citizens, and will fill out a blank agreeing to earn a part of his college expenses by outside work while at the university.

There will be two classes of students—those who intend to enter the regular four-year course leading to a degree and those who intend to enter the short course, two years work.

Thirteen boys will be awarded the loan funds of the Republic. In addition to this fund seventy-two counties have raised funds, some gift funds, others loan funds, for worthy farm boys. The winner of the county contest for the Republic loan fund, even though he should not be placed in the final choice, will stand a good chance of consideration in choosing the representative from the county.

The county superintendent of schools or Dean F. B. Mumford at the college of agriculture at Columbia will be glad to give any boy who desires to become a candidate full information regarding the rules of award.

### Burial at Arkoe.

Word was received today from Henry Foster, who went to Maple City, Kan., called there by the death of his mother, Mrs. Emma A. Foster, stating that the body will arrive in Arkoe Friday morning at 11.30 o'clock and the burial services will be held in the cemetery there. Mrs. Foster was a former resident of Maryville, having lived here until a few years ago when she went to make her home with her son, Charles Foster, of Maple City, Kan. Her husband, Levi Foster, died a number of years ago. A daughter, Mrs. J. C. Grimmitt, of Pickering, left today to attend the funeral.

The costumes of the principals and the chorusses were excellent. The cast was well trained by Miss Margaret Martin, who directed the opera. The opear is being given for the benefit of the Twentieth Century club, who is raising a club house fund.

## THE WHEAT FIELD

DON'T DISTURB WHEAT WHERE PLANTED WITH CLOVER.

## LET GROW UNTIL JUNE

**Prof. C. B. Hutchison Gives Advice—Prof. Cameron Discussed Hessian Fly on Mr. Cobb's Farm.**

Many farmers have been asking what to do with their wheat where it is planted with clover and grass. Prof. C. B. Hutchison of the state agricultural college at Columbia was asked this question at a meeting held near Wilcox last Monday, and he said that it was best to let the wheat grow until at least the middle of June, and then if there was not any sign of a crop to cut it and feed as wheat hay. He said in California, where they raised big crops of wheat and have but little hay the farmers cut the wheat and feed it. There are a few fields in the county in this condition, and Prof. Hutchison said in nearly every case it would be better to let it grow.

Prof. John E. Cameron of the Normal agricultural department discussed the Hessian fly at the farm of Mr. Cobb of near Bolckow on Wednesday. There were about twenty farmers present. Prof. Cameron found a few wheat fields badly infested and advised them to replow and put in corn. In some fields all three stages of the fly were found, while others were in good condition.

Prof. Cameron said that many are plowing the wheat under without double discing. If it should continue dry it will mean that when corn roots reach the mass of wheat they will go no further and many stocks will fail to bear.

### PLAN TO TEACH LAWS IN SCHOOL.

**Secretary of State Would Have Pupils Study Pending Amendments.**

William P. Evans, state superintendent of public schools, acting upon the suggestion of Cornelius Roach, secretary of state, is recommending to the schools of the state that the constitutional amendments to be voted upon this next election be studied by the children of the public schools.

Discussing the suggestion of the secretary of state, Superintendent Evans said:

"The suggestion has been made by Hon. Cornelius Roach that the constitutional amendments and other problems to be voted upon this autumn be studied by the school children before the election. The suggestion seems to be a wise one, as no more timely subject relating to citizenship could be undertaken in their study of history and civics. This is especially true since there are four laws submitted by the referendum, the first time this means of law making has been used in the state. There may be an amendment submitted under the initiative and one affecting the initiative itself will be passed upon, thus affording an unequaled opportunity to study methods of law making.

"It is hoped, of course, that the discussion of these problems by the school children will draw the attention of the fathers to the questions and lead to a more discriminating vote than usual at the polls. The charge is often made that voters can not discriminate and that there is no hope of improving organic law in this way. This charge is particularly foolish if made by those who believe in popular self-government and is generally a reflection of the bewilderment and uncertainty of the maker. As a matter of fact, when a thorough campaign of education has been made the voters do express a choice, but as a rule there is never any adequate propaganda to bring the merits and demerits of the question before the court of last resort."

### Will Meet Tonight.

The men of the First Christian church will meet tonight at 7:30 to perfect plans for the big men's meeting tomorrow night. A short feast of soul will be provided, to be followed by "eats." The meeting will be short, adjourning in time for later engagements.

### Money Is Here.

The money, or $50,000, for the road work to be done in Polk township, is here and now ready to be spent. The work by the township board has been started and several new cement culverts are now under construction.

### Fined For Speeding.

F. E. Hess, of Bedford, Ia., was arrested Wednesday for speeding in his auto and for using his cutout. He was fined $10 and costs for speeding and $5 and costs for using his cutout.

### THE WEATHER

## OVER THIRTY FEDERAL OFFICERS EXECUTED

**Two Generals and Many Others Put to Death by Rebels.**

Juarez, Mex., May 21.—Seven prominent attorneys from Torreon, Saltillo and Monterey have been confined in jail there by constitutionalist officials on charges of pernicious political activity.

The execution of General Ozorno and another general, whose name was not given, together with thirty-two members of the unknown general's staff and other federal officials, indicates the bitterness with which the campaign is being waged about Saltillo. General Ignazo Munixo, who was killed in the battle at Paredon, was a nephew of General Porfirio Diaz, former president of Mexico.

General Francisco Villa, leading 4,000 constitutionalist troops, won first important engagement [illegible] on the Saltillo campaign when he defeated 4,500 federals, retreating from Monclova, at Paredon.

Another packed house greeted Angell's Comedians at the big tent last night. The company seems to know just the kind of plays the public wants, for they do more business than any repertoire company that plays this city. Tonight the company will present "The Bowery Detective." ## WILL NOT HELP BECKER

**Alleged Confession of "Dago Frank" Not Admitted at Trial.**

New York, May 21.—The confession that "Dago Frank" Cirofici made an hour before he went to the electric chair at Sing Sing will not help Charles Becker in his fight to prove his innocence of the murder of Herman Rosenthal, for which Cirofici and his three companions already have paid the penalty. The supreme court, before which Becker is on trial for the second time, refused to admit the testimony dealing with this confession.

"Dago Frank" before he died swore he had never heard the name of Becker mentioned until Rosenthal had been killed. The court held evidence pertaining to the confession was not admissible, because it was an incident that occurred after the murder.

**Wilson Refuses to Pardon Stewart.**

Washington, May 21.—President Wilson denied a pardon to William Stewart, convicted of murder in Arizona in 1913 and sentenced to be hanged at Globe, Ariz., May 27. Many appeals for pardon were made, but the attorney general advised that Stewart had been convicted three times and that apparently there was no doubt of his giuit. Stewart, with John B. Goodwin, was convicted of murdering Alfred Hillpot and Fred Kibbe. Goodwin was executed.

**Does Anybody Know?**

Where a man can buy a cap for his knee?
Or a key for a lock of his hair?
Can his eyes be called an academy,
Because there are pupils there?
In the crown of his head what gems are set?
Who travels the bridge of his nose?
Can he use, when shingling the roof of his mouth,
The nails on the ends of his toes?
What does he raise from the slip of his tongue?
Who plays the drum of his ears?
And who can tell the cut and style
Of the coat his stomach wears?
Can the crook of his elbow be sent to jail?
And if so, what did it do?
How does he sharpen his shoulder blades?
I'll be hanged if I know—do you?

# HUERTA IS NOT READY TO RETIRE

## Mexican Delegates Not Instructed to Offer His Resignation.

## PRINCIPALS ATTRACT INTEREST

Movements Followed by Lobby Crowds With Intense Curiosity—Mediators Confident They Will Succeed in Bringing Peace to Mexico.

Niagara Falls, Ont., May 21.—Confidence that the mediation conference in session here will result in an amicable settlement of the differences which have arisen between the United States and the Huerta government, and in the ultimate pacification of all Mexico, was reflected here by the mediators.

A distorted dispatch from Mexico City that General Huerta was ready to retire, although contradicted by corrected dispatches, which stated that he had given his delegates no instructions to offer his resignation, was received with interest. It was stated that an error in transmission had given rise to the first statement.

**Clothed With Full Power.**

Authentic advices through diplomatic sources several days ago stated that the Mexican commissioners were clothed with full power to act and had been authorized to agree to the elimination of Huerta if necessary to bring about a settlement of their country's internal and international troubles. This last step, it was said, would be taken only after it was apparent to the commissioners that there was no hope of a settlement on any other basis.

The attitude of all the Mexicans in attendance upon the diplomatic council was similar to that displayed when they were informed in New York a few days ago that the German ambassador in Washington had received a dispatch from Mexico City that General Huerta had expressed his willingness to retire under conditions honorable to himself or if necessary to a solution of the Mexican problem.

**"Merely Premature."**

Their feeling was that the reported announcement was "merely premature." This phrase was taken from the expression of one of the diplomats when he was informed of the correction in later dispatches.

It was indicated in statements made here that if an announcement of a willingness to retire comes from Huerta in the near future it would be welcomed as making more remote any possibility of the resumption of hostilities between the United States and Mexico.

## TO WITHDRAW PART OF NAVY

Four Battleships, Five Destroyers and Tender to Come North.

Washington, May 21.—The general slackening of tension in the Mexican situation resulted in the consideration of plans at the navy department, which included the withdrawal of a part of the fleet now on the east coast of Mexico.

Acting Secretary Roosevelt said he hoped within a week to have four battleships, five destroyers and a tender on the way north.

The state department, still without result, continued its efforts to get information as to the fate of Consul John R. Silliman at Saltillo. The failure of the Brazilian minister in Mexico City to obtain any definite word from Silliman and the failure of the Mexican foreign office to turn over the consul, resulted in efforts in other directions.

No official information was forthcoming in the case of Private Samuel Parks. The war department, however, received a copy of an affidavit made by A. W. Bland, in which he repeated a story told him by an alleged eye-witness of Parks' death. The affidavit sets forth that Parks was shot to death by a firing squad on order of a Mexican commander.

# ROOSEVELT GETS BACK IN GAME

## Plans One of Most Arduous Political Fights of Career.

Oyster Bay, May 21.—A large part of the day Colonel Roosevelt spent in conference with George W. Perkins of New York, chairman of the executive committee of the Progressive national campaign committee. Mr. Perkins has been steadily at work since the 1912 campaign in organizing the new party in all sections of the country and his mission to Oyster Bay was to acquaint the former president with conditions.

Gifford Pinchot, the Progressive candidate for United States senator from Pennsylvania, also had a meeting with Colonel Roosevelt.

Colonel Roosevelt's political activities removed all doubts whether he would take an active part in the campaign this year. It is known that he expects to make one of the most arduous fights of his career. It is probable that in September he will make a trip from the Atlantic to the Pacific coasts, speaking in most of the states.

On May 30, Colonel Roosevelt will sail for Spain, for the wedding of his son, Kermit. In the intervening period he will attempt to start in motion the machinery for the campaign and with other leaders of the party, to decide upon the lines on which the fight is to be made. On his return from Europe, about July 1, he will begin the campaign proper.

**Condition of Jacob Riis Critical.**

Barre, Mass., May 21.—The condition of Jacob A. Riis, writer and social worker, is regarded as critical. His physician said there was no hope of any improvement. The patient retains consciousness most of the time.

# ALDRICH IN NEW HAVEN DEAL

## Ex-Senator Helps Sell Trolley System to Railroad.

## MORGAN'S THE MASTER MIND

Former President of Road Declares Money King Never Made Dollar in Connection with Company—Did Not Approve of Purchase of Worcester.

Washington, May 21.—That former Senator Nelson W. Aldrich was primarily instrumental in the sale of the Rhode Island trolley ssytem to the New York, New Haven and Hartford railroad for $19,000,000 or $20,000,000, was the statement made by Charles S. Mellen, former president of the road, in his testimony before the interstate commerce commission.

Details concerning the relations of the New York, New Haven and Hartford railroad and the Billard company, through which the latter, or John L. Billard, made a profit of $2,700,000, were given by Mr. Mellen.

The purchase of the Worcester, Nassau and Rochester railway by the Boston and Maine was discussed. It developed that it was brought about by the late J. Pierpont Morgan. Mr. Mellen testified that Mr. Morgan handled the details of that purchase. The railroad cost the Boston and Maine nearly $3,000,000. Mr. Mellen, while he considered the property valuable, frankly said he had not approved of the purchase of the property.

The total investment of the Boston and Maine in the Worcester was $7,925,000, Mr. Folk showed.

"When Mr. Morgan told you he had bought the stock of the Worcester road at 165 from the Mutual Life Insurance company, what did you say?"

"I think I said 'Jerusalem,' or some thing like that."

"Why didn't you remonstrate with him?"

"I did not think this was the way to approach Mr. Morgan."

"Were you afraid to remonstrate with him?"

"It was not a question of being afraid. I had greater faith in his judgment than I had in my own."

"Was Mr. Morgan's the 'master mind' in New Haven matters?"

"His was the 'master mind' pretty nearly everywhere that Morgan was."

Mr. Mellen, guided by the question ing of Chief Counsel Folk, endeavored to develop in related form the facts concerning the acquisition by the New Haven or the New England Navigation company of their various subsidiaries.

Mr. Mellen, testifying to his high regard for Mr. Morgan, said:

"I do not remember his doing a single thing on which he made a dollar in connection with the New Haven while I was president."

## ALLOWANCES HELD DEBATES

Commission Hits Steel Interests in Denying Rehearing.

Washington, May 21.—Allowances, aggregating millions of dollars, heretofore made to iron and steel industrial railways by trunk line railroads in the territory east of the Mississippi and north of the Ohio and Potomac have been ordered discontinued by the interstate commerce commission.

The commission announced its refusal to rehear the industrial railways case on the application of companies representing the United States Steel corporation and other iron and steel corporations. The decision in the original case that the allowances were unlawful was reaffirmed.

Estimates made by the commission experts indicate that the amount of the allowances paid to the United States Steel corporation alone aggregate approximately $9,000,000 a year; and the total of the allowances paid by the trunk lines to all iron and steel industrial roads in the eastern territory was about $13,000,000 a year.

The commission held that these allowances were substantially rebates on freight rates.

The allowances have figured conspicuously in the pending advance rate case. It has been contended that if they were eliminated, the railroads would be able to increase their net income by just the amounts they heretofore have paid to the iron and steel companies in allowances.

## COMES OUT OF HIS RETREAT

John D. Rockefeller, Jr., Returns to New York.

New York, May 21.—John D. Rockefeller, Jr., has returned to work after twenty days spent at the country estate of his father at Pocantico Hills. Since May 1, when he went into retirement, most of his tormentors, under the leadership of Upton Sinclair, have been silenced, several by being sent to jail. Sinclair is in Colorado and Marie Ganz and the Rev. Bouck White are serving sentences on Blackwell's island, the latter for having broken up the services at the Calvary Baptist church ten days ago. "Mother" Jones alone remains in the lecture field and nightly denounces the Rockefeller interests in the Colorado coal districts.
